

The professional development courses offered by ASHE, Harrisburg are priced at \$300, whether on an individual computer or per site. By offering the courses at a per-site fee, members may add value by accommodating as many of their colleagues as practical to view webinars at a given site. In order to best facilitate site-based pricing, we are asking that members interested in viewing course offerings determine a Site Coordinator to complete a single registration process for that site. The site registration process will include the completion of an online form available on the ASHE, Harrisburg website, payment through PayPal, which will be linked to the registration page, and receipt of webinar log-in information.

Subsequent to the webinar presentation each participant viewing a webinar will be required to complete an online evaluation form and a questionnaire in order to receive their PDHs for the webinar. By offering online evaluation and questionnaire forms, the responsibility for completing these will rest with individual participants and not with the Site Coordinator. The online location of these forms, as well as instructions for completing them will be given during each webinar.
