

the PROFILE

Newsletter of the American Society of Highway Engineers

Published Monthly by the Harrisburg Section

Our President's Message

I am extremely honored and thankful to be serving as your President for the 2007-08 year. As you may recall, our year officially runs from June 1, 2007 through May 31, 2008. I would like to thank the Board of Directors and membership for allowing me the opportunity to serve as your President, which is one of the most active organizations in Central Pennsylvania.

About the time you receive this newsletter, summer will already have officially ended (or soon will), and we will be into the fall season with much anticipation for our upcoming ASHE - Harrisburg Section monthly dinner meetings and activities. Our Annual Joint Picnic and Casino Night with PSPE and ASCE will have just occurred on Friday, September 14, 2007, and hopefully the weather cooperated with us and you had a wonderful time.

Although we don't regularly meet during the summer months, we continued our traditional golf outing on Friday, August 3, 2007 with the 9th Annual ASHE Golf Outing at Honey Run which had 140 golfers in 35 foursomes, and provided for our organization about \$7,500 for our scholarship program. Plans are in the works for the 10th Annual Golf Outing. Thank you to all of the golfers, sponsors, and helpers that made this event a successful one, and a special thank you to Doug George and Drew Bitner for pulling the tournament together.

Also, as was started last year with the re-dedication of the Pinchot Monument, this summer the Board approved funding the planting of some perennial flowers and

mountain laurel at the monument site to improve its appearance.

Mike Ryan, our 1st Vice-President and Program Chairperson, is having some traditional and new/unique transportation dinner meeting speakers and topics for this year's program. He already has several monthly dinner meeting speakers and topics lined up for the coming year which include: Gerry Kuncio (Skelly & Loy) on the topic of Stone Arch Bridge

see "President" on Page 3

(Detach and return by Wednesday, September 26, 2007, at 4:00pm)

Speaker: Gerald M. Kuncio, M.A. - American History, Project Manager, Skelly & Loy, Inc.

Program: Project Keystone: Stone Arch Bridge Management Study

I will be attending the October 1st meeting of the American Society of Highway Engineers-Harrisburg Section.

Name _____ Firm _____

Guest Name _____ Guest Firm _____

Contact: Leigh Ann Wilson, c/o Lochner • 2000 Technology Parkway, Suite 236, Mechanicsburg, PA 17050 • P: 717-441-3525 • F: 717-441-3439 • lwilson@hwlochner.com

Guests are Welcome!

Location: Radisson Penn Harris Hotel (Camp Hill), Governor Room B

Attire: **Business Casual**

Times: **5:30 Social Hour and Cash Bar - 6:30 Dinner - 7:30 Program**

Price: **\$18 Per Person**

Entree: **Roast Top Sirloin Au Jus, Starch, Vegetable, Salad, and Dessert.** A vegetarian meal is available upon request.

Note: ASHE is charged for all dinner reservations. If you make a reservation and wish to cancel it, the deadline for cancellations is noon on the Friday before the meeting. If you fail to cancel by the deadline, you will be charged for the meal, regardless of whether or not you attend.

“President” from Page 1

Management Study, Scott Christie (DE-District 8-0) on District 8-0's Priorities and Direction, Tate Jackson (AASHTO) on the TRAC Program, and Urtha Lenhardt (Teacher – Fairfield Elementary School) on the Iditarod. So please watch for your copies of the Profile newsletter which will include information about these topics and when these speakers are coming to our monthly dinner meetings, and register early so that we can accommodate you and make sure that we have enough room.

The main goals for this year are: 1) Maintaining and increasing our membership, 2) Involving and keeping our membership active, and 3) Ensuring that we are prepared for the 2008 (50th Anniversary) National Conference. We will also be continuing our support of local charities as a result of the generosity of our membership through donations at our monthly dinner meetings this year. Please stay informed and up-to-date about the current events and activities of the Harrisburg Section by frequently visiting our web site at www.asheharrisburg.org.

I would like to take this opportunity to reflect on some of the activities and accomplishments of the past year, during the tenure of our 2006-07 President, Kathy Weiser. It certainly was an exciting year full of activities, education, and friendship. As you can see from the brief rundown below, your Section was quite busy! Thanks to everyone involved last year in making it another successful ASHE year!!!

- June started with the ASHE National Conference which was held in Williamsburg, VA.
- July had the rededication of the Pinchot Monument on July 21, 2006 in conjunction with PennDOT. This event included plenty of press and many distinguished speakers to commemorate the 75th anniversary of the Pinchot Road legislation. This was quite a memorable event and an honor for ASHE to be able to restore a part of transportation history!
- In August we had our 8th Annual Golf Outing and as always, a great time was had by all. It was a huge success which earned our scholarship fund over \$8,000.
- In September we joined PSPE and ASCE for our annual joint picnic and casino night.
- October was the second year for tours of the Susquehanna River Bridge. It was a great way to see first hand the work they were completing. Also in October we hosted the first of two Younger Member Happy Hours which we hold throughout the year in hopes of recruiting new members.
- Beginning in November with Dave Zangrilli as our speaker, we started our monthly dinner meetings. In the following months the speakers were Carlos Rosenberger, Deputy Secretary Rick Hogg, Chester Allen, James Cheatham with FHWA and concluded with our very own John Becker. Whether the presentations were untying the knots on a project, asphalt, roadway and bridge needs, CEU requirements, SAFETEA-LU programs, or concrete, they all were informative and enjoyable. We also held the first of two Adopt-A-Highway litter pickups for our interchange area/section of I-83.
- January brought the announcement of our Annual Photo Contest. We had 13 photos submitted last year.
- February included our celebration of Engineer's Week at the Central Pennsylvania Engineer's Week Council banquet on February 22 where our nomination of "Engineer of the Year", Gary Hoffman was honored. We also participated with an ASHE display at the Colonial Park Mall. The Patriot-News Science Fair also took place at Dickinson College where ASHE members helped judge the entries, and awards were presented on behalf of ASHE for the outstanding engineering projects. Also in February, ASHE was involved in the 1st Annual CANstruction Design/Build Competition in Central Pa where our "Apple iPod Cano" received "Honorable Mention". All money and canned goods benefited the food banks of Central Pennsylvania. Giant Foods donated the first 1,500 cans and through donations from our sponsors, we were able to donate \$2,400 to this great cause.
- April had the 3rd Annual ASHE Harrisburg/PennDOT District 8-0 Conference being held on April 5 with over 220 attendees including 40 PennDOT personnel. A highlight of the conference was honoring Barry Hoffman, District 8-0 District Executive for over 30 years of service and commitment in the transportation field and for his undying support of ASHE. Also in April, we had our second Adopt-A-Highway litter pickup for our interchange area/section of I-83.
- May ended our year with the Annual Banquet honoring our Past Presidents (including the installation of new officers for 2007-08), and the Annual ASHE National Conference in Atlantic City, NJ.
- We also contributed to various charities last year including the Food Bank, Toys for Tots, Pennsylvania's Partnerships for Children, Children's Home of York, Domestic Violence Services-Cumberland and Perry Counties, the American Cancer Society (Harrisburg Chapter), and the Jared Box Project. Through our member's kindness, we donated canned goods, toys, and almost \$1,000.00 in cash to these local charities.
- We were also able to recruit 44 new members last year bringing our membership total to 384.

continued on next page

We are always looking for volunteers (both new and former) to help out on our committees, so please see the listing on page 2 of this newsletter to see what Standing Committees may interest your involvement. You can find contact information for all of our Committee Leads at www.asheharrisburg.org/contacts.htm.

Volunteers are still needed for the upcoming 2008 ASHE National Conference (50th Anniversary), so if you can help out with the Registration/Reception, Entertainment, Exhibits, Finance, Technical, Program, Golf, Advertising, PR/Publicity, Transportation, and Guest Programs, please contact Sandi Loy Bell (sloy-bell@skellyloy.com), or Sandy Ivory (sivory@keller.nb.net).

Finally, I would like to thank the past and current Board members for their hard work, dedication, and commitment to the Harrisburg Section of ASHE and to our industry. If you only knew of the time and effort that these individuals have put into making this a very successful organization you would be amazed.

I am thrilled to be your 2007-08 President and look forward to a very successful year for ASHE and the Harrisburg Section. I hope that you, our membership, come out to support all of our varied activities and events that we have planned for the year. Our technical events and dinner meetings will expand your knowledge and we also have many other community and fun activities planned throughout the year for you. If you have any suggestions about the Harrisburg Section of ASHE, please contact me at stevkoser@aol.com. I would love to hear from you!

ASHE flowers at the Pinchot Monument

Speaker and Program

Gerald M. Kuncio, M.A.

**American History, Project Manager,
Skelly & Loy, Inc.**

Project Keystone: Stone Arch Bridge Management Study

Gerald M. Kuncio is a Historian with the Monroeville office of Skelly and Loy, Inc., an environmental and engineering firm headquartered in Harrisburg. He is an expert in the research and documentation of historic bridges, bridge fabrication companies, and the bridge construction process. Currently, Mr. Kuncio is Skelly and Loy's project manager on Project Keystone, PennDOT's plan to preserve and maintain stone arch bridges in the Philadelphia region. Project Keystone has two major components, a Management Plan that ranks 125 stone arch bridges in PennDOT District 6-0 according to their preservation potential, and a Maintenance Manual that provides guidance of maintaining, preserving, and repairing stone bridges while respecting their historic character. Other projects for Skelly and Loy include historic bridge recordations in Pennsylvania, West Virginia, and New York, the development of historic bridge websites and driving brochures, and creating wayside exhibit panels for bridges. Prior to joining Skelly and Loy, Mr. Kuncio was the Principal Historian for the Western Pennsylvania portion of PennDOT's comprehensive survey of highway bridges constructed prior to 1957. As part of that study, Mr. Kuncio examined bridge records for approximately 12,000 bridges, and field surveyed more than 1,300 in a 33 county area. He has also served as an on-air commentator on the History Channel's™ popular program, *Modern Marvels*, where he spoke on the bridges of Pittsburgh.

Mr. Kuncio holds a B.A. in American History from Duquesne University and an M.A., also in American History, from the University of Delaware.

ANNOUNCING ...

ASHE Harrisburg Section Announces 2008 Scholarship Program

Continuing a long standing tradition, the ASHE Harrisburg Section is again encouraging eligible students throughout South Central Pennsylvania to apply for scholarship awards. Five awards of \$1500 each will be presented to the winners at the April 7th dinner meeting. Details about the Scholarship Program are available at www.asheharrisburg.org/scholarship.htm

We are looking to capture more of the history of the Scholarship Program, which was established by the Section in 1966 to promote interest in the Highway Engineering profession. The first recipient of this award was James E. Garling, P.E., who later became (and still is) a member of the Society and the Section. By 1999, the Section was awarding two scholarships annually, and with the generous support from our Century Club members along with proceeds from the Annual Golf Outing, which was established in 1999, the Section has since been able to award between five and six awards annually to students undertaking studies in engineering.

If you have any information about the Scholarship program, including name of award winner, high school attended, secondary school attended, or any testimonies from award winners, we would appreciate if you could pass those along to John Becker of the Scholarship Committee at (717) 441-3506 or at jbecker@pavement.com.

Skelly and Loy Hires New Staff In Harrisburg

Skelly and Loy, Inc. is pleased to announce that it has recently hired four professionals to join its expert staff and enhance its offering of services.

To read this press release, please go to:

Volunteers Needed for 2008 National Conference Committees

The 2008 ASHE National Conference will mark the 50th anniversary of ASHE. Region 4, which includes the Harrisburg and Altoona sections, will be responsible for hosting the event. In order to make the conference a success, Region 4 is currently seeking approximately 50 volunteers to begin the planning process. Please contact Sandy Ivory (sivory@keller.nb.net) or Sandi Loy Bell (sloy-bell@skellyloy.com) if you are interested in serving on one of the following committees:

- **Registration/Reception**
- **Entertainment**
- **Exhibits**
- **Finance**
- **Technical**
- **Program**
- **Golf**
- **Advertising**
- **PR/Publicity**
- **Transportation**
- **Guest Programs**

THE ASHE CENTURY CLUB

The ASHE Harrisburg Section wishes to thank the following Century Club members for their support during 2007-2008.
